All District 92 Families,

As you are probably already aware, vaccinations for COVID are now available for children 5 years old and up. We have been notified by the Will County Health Department that because of the number of schools in Will County, they are taking a regional approach to the school-aged mass vaccination clinics. At this point, we are not planning to host a clinic in District 92, but current available clinics are listed below.

**Will County School Vaccination Clinics**

Will County residents may register their child for an appointment at any school or WCHD vaccination clinic. Links to the Pediatric Pfizer vaccination opportunities are listed below:
